GRX851

GRX NUGGET | CHEMICAL ANCHOR

OVERVIEW

GRX Nugget is a styrene-free, modified epoxy chemical anchor for structural reinforcement, equipment installation and fixing curtain-wall brackets. Its thixotropic paste suits side and overhead anchoring, and the injection system needs no manual mixing.

KEY FEATURES

- **System Type**: Modified epoxy resin, styrene-free, safe, and non-toxic.
- **Application**: Suitable for structural reinforcement, equipment installation, and fixing curtain wall brackets.
- **Versatility**: Ideal for anchoring on side or top surfaces due to excellent thixotropic properties.
- **Operation**: Injection-type system that eliminates the need for manual mixing, shortening construction progress.

TECHNICAL SNAPSHOT

Detailed dimensions and load ratings for this item are provided with the quotation. Contact Groxx at **inquire@groxxgears.com** or scan the code below.

USE & INSPECTION

Install to the Groxx instructions by trained installers. Inspect before each use and at least every 12 months by a competent person.
